PRODUCTS SUITABLE FOR A VEGAN

If you are a vegan, or trying to avoid some animal products from choice or because you have been advised to do so for medical reasons, use this list as a guide to help you when choosing Tesco products.

When used for this list, “suitable for a vegan” means that the product is free from all animal products or by-products including eggs, milk products, honey and all products and by-products of the fishing industry.

This list does not include fresh fruit and vegetables because these are not processed and are generally suitable for vegans.

If you are a vegetarian who will eat milk, eggs and other dairy produce, there is a different list of products available. Should you want to receive a copy of this list, please phone the Customer Service Centre on 0800 505555.

For further information on a Vegan diet please contact:

While every care has been taken to ensure this information is correct, food products are constantly being reformulated and ingredients lists altered.

We would therefore recommend that you do not rely solely on this list and always check products labels.

Although this list will be regularly updated, Tesco are unable to accept liability for any incorrect information.

The information given in this list applies to Tesco own-label goods only. No branded goods are included in this list. Should you require information for an individual branded good stocked by Tesco, you will have to contact the manufacturer direct.

Pack quantities are specified in the list and where they are customers should use these when selecting products. Suppliers may supply different size products and not all sizes therefore may be suitable for vegans.

INGREDIENTS LISTS SHOULD ALWAYS BE CHECKED AS RECIPES MAY CHANGE.
